PLAYBAR BENEFITS

SONOS HiFi SOUND FOR YOUR TELEVISION

The nine-speaker design of SONOS PLAYBAR™ floods any room with super-realistic audio for games and movies.

STREAM ALL THE MUSIC ON EARTH

PLAYBAR doubles as a stand-alone, all-in-one Sonos player that allows you to stream all the music on earth—your iTunes library, your favorite music services, and thousands of Internet radiostations, shows, and podcasts.

EASY SETUP

PLAYBAR connects to your TV using a single optical cable and plays everything that's connected to the TV, including cable boxes and game consoles.

WIRELESS

No rewiring. Connect PLAYBAR to your home WiFi network and link all your Sonos speakers wirelessly with one touch.

FLEXIBLE DESIGN

PLAYBAR can sit flat on your TV table or console. If your TV is wall-mounted, PLAYBAR may be placed horizontally above or below the TV.

UNIVERSAL AUDIO

PLAYBAR speaks Dolby® Digital and stereo, so you never miss a moment of the action.

EASY TO CONTROL

Control TV volume using your existing IR remote(s). Download free Sonos apps to control PLAYBAR with your iPhone, iPad or Android device and stream your music, even when your TV is off.

EXPANDABLE

PLAYBAR is perfect on its own but ready to welcome any new Sonos additions into the fold. Add a SONOS SUB for soul-shaking sound, or add in a pair of wireless PLAY:3s for a more immersive surroundsound experience. PLAYBAR works with all amplified and non-amplified Sonos products.
